

YOU CAN HELP

SAVE A INNOCENT LIFE

Now 35 years old, Tony Medina was only 21 when he was sentenced to die by lethal injection for a senseless drive-by shooting that left 2 young people dead at a families New Year's Eve party. For the past 14 years Tony's life has been at the mercy of Texas' murderous legal system – a system that proudly takes credit for having executed over 400 men and women since the death penalty was reinstated.

The problem is, evidence shows that not only is Tony Medina completely innocent of the charges that has put him on death row, but that this was a fact the police and District Attorney knew and used their powers of office to keep hidden.

Since arriving on death row in September 1996 Tony has struggled to find the support and help he needs to save his life. Many of the attorneys that had been appointed to defend him were totally ineffective and in some instances so negligent that their actions nearly cost Tony his appeals. In 1999, after sending out more then a hundered letters over a years time to legal Organizations, courts, and lawyers pleading for help, his prayers were answered. Tony received help from attorneys who for once wanted to help him prove the truth. In November 2001 his

appeal attorneys filed a 238 page appeal to the State District Court.

What is the truth?

After a intense investigation where hundereds of hours were spent interviewing Tony and key witnesses, as well as digging through dozens of boxes of files and reading thousands of pages of court documents his appeal attorneys stated **THEY WERE ABSOLUTELY CONVINCED** he was not guilty of this crime, and that he received a unfair trial.

There are many proven facts that point to this truth.

- The palm prints found with the murder weapon belonged to Dominic Holmes.
- Five days after Tony was arrested the police issued a report stating that Dominic Holmes was the Suspected shooter in this drive-by shooting.
- Dominic Holmes threatened other gang members to get them to help him blame this crime on Tony.
- The D.A. withheld the criminal histories of several of its' witnesses that would have made them seem less honest to the jury.
